## Institute of Professional Development

The Institute of Professional Development (IPD) is dedicated to helping you empower your skills and thrive in today's dynamic job market. We offer a curated selection of courses designed to equip you with in-demand expertise across various fields. Whether you aspire to become a freelance professional, WordPress expert, master video editing and visual design, or become an MS Office expert, or to improve your Spoken English, IPD has the perfect course for you.

### WHY IPD?

In today's fast-paced world, the need for continuous learning and professional growth has never been more critical. The Institute of Professional Development is dedicated to offering computer short courses, professional Spoken English courses, professional trainings, and workshops tailored to various industries, career stages, and learning preferences. With a vision to be a leading institution in professional education, we equip individuals with industry-relevant skills that drive innovation and impact in their fields.

#### Our Vision:

To be a leading institution in professional education, equipping individuals with industry-relevant skills to drive innovation and impact in their fields.

#### Our Mission:

Our mission to provide accessible, high-quality training that enhances employability and professional skills. We aim to empower individuals with practical knowledge to thrive in a dynamic

### Why Spoken English is Important for me?

- ✓ **Global Communication:** Enables effective communication with people from different countries and cultures.
- ✓ **Academic Opportunities:** Facilitates participation in discussions, presentations, and group projects in English-medium academic programs.
- ✓ **Career Prospects:** Enhances employability, as many employers seek candidates with strong English communication skills.
- ✓ **Confidence Building:** Boosts confidence in communication, leading to better performance in interviews and social interactions.
- ✓ **Cultural Understanding:** Provides insights into different cultures, fostering empathy and understanding.
- ✓ **Access to Resources:** Allows access to a vast array of educational materials and online content available in English.
- ✓ **Social Interaction:** Facilitates forming friendships and networks in diverse social settings, including online platforms.
- ✓ **Enhanced Cognitive Skills:** Improves problem-solving, critical thinking, and creativity through language learning.

### Eligibility:

Eligibility for spoken English courses typically varies by level: Matriculation (10th grade) for Level 1, Intermediate (12th grade) for Level 2 courses, and Graduation (Bachelor's degree) for Level 3.
